*Custom Furniture*

Elon's Custom Furniture is a retired military family owned furniture brand, based out of Oahu, Hawaii. Our mission is to locally create affordably, unique, stylish custom wood furniture.

Our edge is based on prompt order fulfillment, excellent customer relationships and creative custom design capabilities for the home.

Each piece of furniture we offer is custom built to order. Because every piece created by Elon's is made to order, our customers are closely involved in the design process, giving them the exact product they desire.

Our passion is to provide the community with meaningful, purposeful, and unique solid wood furniture for their homes and spaces.

Handcrafted Furniture Inspired and Created by the Dreams of the Client.

Our Wood Artisan provides quality, unique designs with a focus on creativity and affordability. All our products are made from real hardwood and softwoods. Each piece is handcrafted and designed especially for the client.

*We're local, We're family We're innovative.*

We pride ourselves on family. We provide life long warranty and repairs.

Our exceptional customer service, attention to customer needs, love of animals and installation make us stand out. Our community awareness starts with our internal team, reaches out to the local neighborhood and extends beyond.

Our wood Artisan designs and creates unique custom furniture that is functional as well as aesthetically pleasing. Quality is her main focus, allowing customers to recognize and connect with the piece. Exceeding a client's expectations through design, construction and delivery is her goal.
